Dear Dan,

This letter is to reaffirm KIXE TV's commitment to producing a televised panel discussion with regards to the ShastaForward program. I am very interested in broadcasting a locally produced program highlighting a discussion about development in Shasta County in the next fifty years. We air very few programs that focus on relevant local issues and I am looking forward to producing an informational program that engages a broad spectrum of viewers.

If you have any further questions or information concerning the future production and broadcast of this proposed program, please contact me at (530) 243-5493.

Regards,

Robert Keenan
